

ENDORSEMENT LETTER

To: HEC Montréal and Yunus Centre - Social Business Creation Competition 2023

Subject: Endorsement for SPIRITUP Project

To whom it may concern:

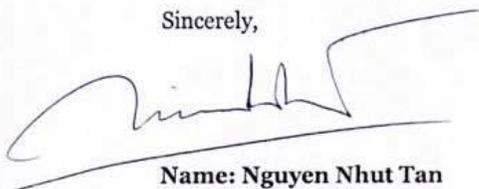

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre.

Project team members have provided me information on project mission, objectives and implementation.

Given that the project addresses urgent and critical social needs, I wholeheartedly support this social business idea and firmly believe that it will generate significant social impact in the context of Vietnam. Additionally, the University of Greenwich (Vietnam) will serve as a sponsor, providing office rooms and meeting rooms for the project in 2023 and 2024, equivalent to 8,000 USD per year.

Should you need further information, please do not hesitate to contact me.

Sincerely,

Name: Nguyen Nhat Tan

Position: Director

Company/Organization: Greenwich University (Vietnam)

REQUEST LETTER FOR FUNDING SUPPORT

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

Name *

Nguyễn Thị Thùy Trang

Company/ Organization *

University of Greenwich

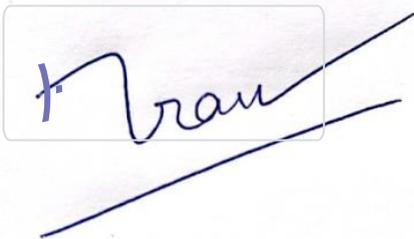

Position *

Business Lecturer

I also would like to be a stakeholder of this project by joining in: *

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.

REQUEST LETTER FOR FUNDING SUPPORT

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

Name *

Nguyễn Kim Ngân

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project: 50.000 vnd.....)
- Other: (.....)

Should you need further information, please do not hesitate to contact me.

Sincerely,

Name: Nguyễn Thị Trương Ca

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)

By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)
- Other: (.....)

Should you need further information, please do not hesitate to contact me.

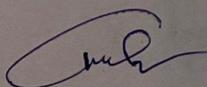

Sincerely,

Name: *Le Thi Thu Thuy*

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)
- Other: (.....)

Should you need further information, please do not hesitate to contact me.

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)
- Other: (.....)

Should you need further information, please do not hesitate to contact me.

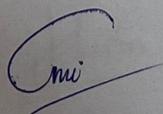

Sincerely,

Name: *Mai Xuân Thanh Trúc*

Position: *Student*

Company/ Organization: *RMIT University*

To whom it may concern,

I have been informed about the SPIRITUP project and understand that this project is a part of Social Business Creation Competition 2023 (SBC) organized by HEC Montréal and Yunus Centre. SPIRITUP is a startup that helps young people in Vietnam who lack guidance and support in career orientation in particular and life choices in general. By providing comprehensive education and awareness programs, we desire to empower individuals to make informed decisions about their lives, pursue their aspirations, and contribute to creating a more equitable and inclusive society.

Project team members have provided me information on project mission, objectives and implementation.

As the project addresses urgent and critical social needs, I fully support this social business idea and strongly believe this would create significant social impact in Vietnam settings.

I also would like to be a stakeholder of this project by joining in:

- Provide knowledge and guidance on education & training for the youngster who are in need for developing both hard and soft skills.
- Provide mentoring and coaching programs to help the youngster in their career path and in life.
- Provide technology equipment to support courses, workshops, training, etc.
- Provide venues for organizing workshops, courses, training, etc. about orienting the youth.
- Provide platforms or tools to navigate students knowing about themselves and their career information.
- Connect and refer the SPIRITUP community to Vietnam youth who are disorientated.
- Being a speaker for the project Workshop or activities.
- Join SPIRITUP fanpage to share and update knowledge & skills about life choices.
- Become an investor of the project.
(Amount that can be contributed to the project:)
